# University Choir Aims To Prove To Omaha That Singing Can Be Fun, Entertainment . . .

Musical activities on the campus have shown increased interest during the past year. Much of the credit can be given to Richard H. Brewer, director of the University Choir. Brewer is also director of four new vocal groups which have been added to the musical curriculum. They are a Madrigal group of 16 people and two separate men's and women's choruses.

Brewer, who arrived on campus in September, feels that music is fun, and intends to spread the theory to Omahans. "The most fun I ever had was singing in Carnegie Hall with the New York Philharmonic Orchestra and the Westminster Choir." He also hastened to add that people don't have to sing in Carnegie Hall for "musical fun."

## TV Show

A highlight of the choir's activities was a television appearance. Another activity was the presentation of the annual Easter convocation.

The choir has also appeared at school convocations at Benson High School and Westside High School. The group will make its final appearance of the season on May 3 at Joslyn Art Museum. Musical background for the modern dance group's spring concert was another of their activities.

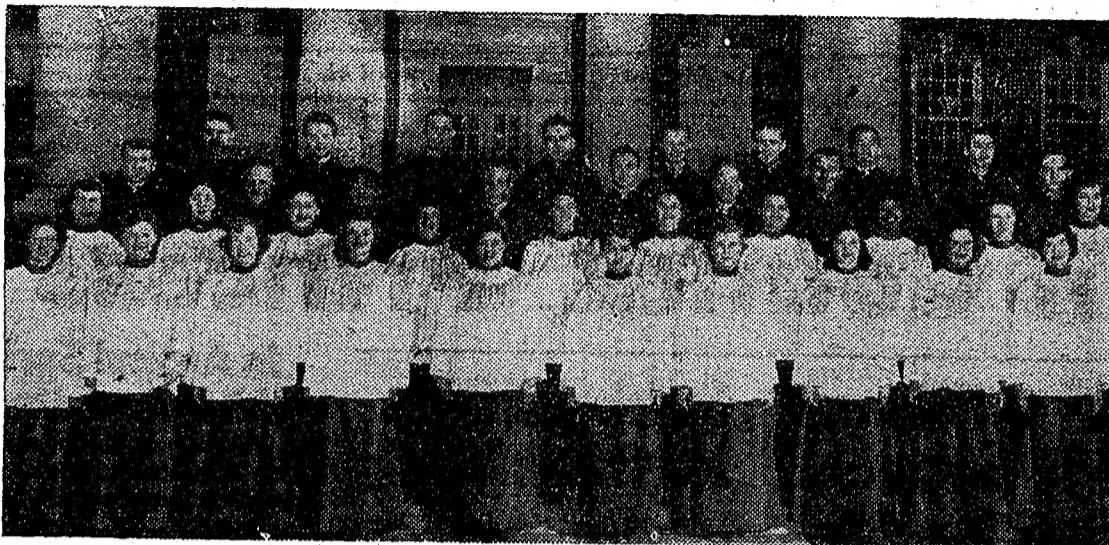

Besides the regular University choir, Brewer has organized a new College of Adult Education choir of 35 voices.

## Music Enthusiasts

According to Brewer, the University Choir is a good example of people wanting to sing good vocal music. He added that half of the members are music majors, but only five are voice majors. The others in the group are University students interested in singing good choral music.

Brewer stated that too many people think that they have to be able to read music or have a great voice in order to sing in a choral group. Brewer admitted that it is an advantage to be able to read music, but he emphasized that it is not a necessity.

Brewer said that "he would

University Choir . . . choir has set about to show Omahans that music can be fun under the guidance of Director Richard H. Brewer.

rather have a group of 40 people with good voices who have a serious desire rather than 40 soloists who want to be heard."

The adult choir offers all citizens of Omaha and the surrounding area an opportunity to continue an active interest in choral music. Professor Brewer hopes to increase musical enthusiasm by arranging recitals as "a performance outlet for either groups or individuals at the University."

Ultimately, Brewer hopes to train a city group "which will be mentally and vocally able to sing great choral works with the Omaha Symphony."

And presently, with an eye to the future, Brewer is showing Omahans that music can be fun.

## Ring Lost

A 1953 graduation ring was lost last week in the men's room on the first floor. The ring belongs to Wayne Palmer, Tech High student. The ring has a ruby setting, and was lost during the Regents examinations.

## The Big Decision . . .

Pull out the toy horns, brass drums and poster poles, students. Election Day is Wednesday.

A University of Omaha election is something to remember. Tags, slogans, pictures, records and candy kisses—these are used to sell candidates. And too often they do.

Leadership qualities are overlooked and those candidates with the most pictures, and biggest posters are swished into office.

Let's get down to a little serious consideration of the importance of Election Day. Wednesday from 9 a. m. to 3 p. m. you will have the privilege of choosing students you want to represent you and your ideas in the stream of everyday University business, to arrange your school dances, to okay your club constitutions, and to organize all activity on the campus.

The Student Council is not a group of 16 people and their ideas. It must be a group of 16 people and the ideas of 1,500 students. The Council is a public relations organization dealing with the school and the city. But it should also be a business organization—out to get the best for the student body.

It is in your hands to decide what is the best for you, the school, and the city.

The Gateway editors have received many letters and heard many complaints about the "inefficiency of the Student Council," "the lack of true student representation," and their apparent "do-nothingness." The Student Council is restricted in many ways by rules of the University and a lack of real executive power. This is not 100 per cent the fault of the Council.

And then, ask yourself this question. "Will I respect the judgment of these students whom I choose to represent me?"

Be fair with yourself when you vote and the best man for the job WILL win.

## Fishing Stars Appear Here

Get out the fishing tackle and practice baiting the old fish hook. The summer days are a sure sign of the fishing season.

The Omaha University Fieldhouse will be turned into a make-believe Minnesota lake when the College of Adult Education sponsors a "Fly and Bait Casting Exhibition Clinic."

## National Champs

Two national champions, Mr. and Mrs. Don Allen, will demonstrate the art of fly and bait casting. Allen is the national professional trick caster, national professional matched game champion and national professional 1/4 ounce accuracy champion. Mrs. Allen is national all-around women's champion flycaster.

Persons attending the clinics will receive an opportunity to practice what they have been taught.

## Two Clinics

The clinics will be held on May 12-13 and 19-20. The classes will run from 7:30 to 9 p. m. each of the Tuesday and Wednesday nights.

The purpose of the clinic is to help eliminate the excuses that fishermen invariably return with. And women won't have to become a fisherman's widow during the summer months. The course will be open to both men and women.

The casting clinic, including exhibitions, will cost students \$2. The fee for the casting exhibitions on May 12-13 will be \$1.

## That'll Get an "F"

The Radio class had just been given an exceptionally long assignment. In the control room, one of the potential engineers was complaining to another student about the "hard-hearted" professor who was standing in the studio.

After the student finished his dissertation, he saw the teacher, turn and glare at him. The engineer had forgotten to turn off the control-room microphone.

## Fred Shinrock Earns Table Tennis Finals

Fred Shinrock has earned a berth in the finals in the singles division of the Intramural Table Tennis Tournament. He fought his way through four rounds and now is waiting to play the winner of a match between Larry and Harry Johnson for the championship.

Shinrock defeated four top opponents to gain the finals berth. He bested Jim McCart, 21-19, 22-20. Then he just managed to get by Gary Anderson, 21-18, 17-21, 21-18. Fred handled rough Clatterbuck, 21-14, 21-19, and finally slipped by Ken Olson, 19-21, 21-19, 21-18.

In the doubles division, Shinrock and Bob Peck defeated Larry Johnson and Orville Jensen to win the title.

## Student Council Endorses Campus Traffic Regulation

In an effort to clarify University traffic problems, the Gateway is re-printing regulations governing parking and traffic on the campus.

Last week's Student Council meeting resulted in a motion that the rules be enforced as recommended by the OU Traffic Committee and approved by President Milo Bail.

1. Speed limit on all campus drives is 15 miles an hour.
2. Passing of moving cars going in the same direction is prohibited.
3. Drivers of vehicles must yield right-of-way to pedestrians at all marked crosswalks. Pedestrians are to use marked walks.
4. Driving or parking on grass is prohibited. Parking is also prohibited at marked crosswalks, fire-hydrants, in courts, on parking lot entrances and exits, and in all areas with red-painted curbs, lines and posts.
5. Parking lots must be entered and left at points indicated by arrows. No driving against the flow of traffic is permitted.
6. Double parking or blocking the exit of properly parked cars is prohibited. No stopping to pick up or release passengers is permitted between the bus pick-up zone east of the building and Dodge street.
7. The 30-minute limit zone south of the building is for visitors and must not be used by students or faculty.
8. The parking lot east of the building and the first lot south of the building are reserved for faculty and staff members.
9. The University of Omaha assumes no responsibility for the care and protection of any vehicle or its contents while on University grounds.
10. For violation of any of these traffic rules the following penalties will be levied:

1st violation .....	\$ 1.00
2nd violation .....	2.00
3rd violation .....	3.00
4th violation .....	5.00
5th violation .....	10.00

The sixth violation by a student will result in separation from the University. Violations are cumulative throughout each student's association with the University.

## Radio Production Class Schedules Next Show

The fourth in a series of radio shows by the radio department's advanced production class is now in rehearsal. Bruce Linton, radio department director, said that the show, "Case History of a Wedding," will be recorded May 2. The program will then be broadcast over a local station.

Dick Palmquist is the student director for the show. Others in the show are Anita Reznicek, Helen; Marcia Morris, Claire; Marian Tyndale, mother; Mary Louise Griffen, landlady; Dick Smith, doctor; Jack Frost, Peter, and Cliff Soubier, narrator.

The show centers around a blind war veteran and his return home.

## Tech Institute Starts Course

A new course called Work Simplification will begin tomorrow morning. Offered by the Technical Institute under the direction of Dr. C. W. Helmstadter, the class will meet for six weeks from 9 to 11 a. m. on Saturdays.

Using audio-visual materials, the course will emphasize work process charts, motion economy and work improvement. It is open to any business or industrial firm and will be taught by Glenn Lewis.

A special Technical Institute is being conducted by Lloyd Hadsell for the Omaha Production Company. The class is in Time and Motion Study.

## Bureau Hires Help

The Teaching Aids Bureau has a new film librarian. She is Mrs. Janet Brelsford, a former resident of Kansas City, Mo., and a graduate of Greenbrier College.

Mrs. Brelsford, who began work Monday, replaces Mrs. Virginia McAdoo, who was film librarian during the past year.

## Registrar Sends Fee Notices To Seniors

The Registrar sent cap and gown payment notices to over 200 senior students Wednesday. The fee is \$10 and includes the cost of the diploma.

Syntha Judd, senior treasurer, is collecting \$5.50 assessment fee from seniors. At last count about 135 seniors had paid their fee.

## Seniors May Talk To Representative

All seniors are invited to talk with the representative of Vita Craft Corporation Wednesday. Supervisor Ed Miller of Omaha will be on campus to interview those interested in working for the aluminum products company.

Seniors over 22 and with at least two years of accounting may meet with H. F. White of the Travelers Insurance Company Wednesday. The company has openings for supervisory field auditors.

## TV Classroom Ends First Year of Series

Yesterday was the first anniversary of the Omaha University TV Classroom. During the past year of television teaching, eight courses have been given over KMTV. In addition to this, the Deans presented a two-week session at Christmas time.

Seven professors and the Deans have appeared. William Utley, government professor, has appeared twice, and Dr. Wilfred Payne, humanities, will begin his third classroom session Monday.

Martin Bush, music professor, was scheduled for the classroom with "Music Masterpieces," but a time change canceled his appearance. Dr. Payne took Bush's place.

Other professors participating in the TV activities were Miss Ellen Lord, librarian; Dr. Leslie Garlough, Biology; Glenn Lewis, R. Wayne Wilson, and William Hockett, all Business instructors.

Mrs. Genevieve Woods of the correspondence department, announced that 310 had enrolled in the TV classroom over the year. Of these, 97 enrolled for full University credit. "The grades are slightly higher than the resident students," commented Mrs. Woods. "I think this is because adults will study with a great deal more understanding and take more time."

Speeding on U. S. streets and highways injured nearly 600,000 men, women and children.

## Top Architects Will Attend School Building Conclave

Two of the nation's top ranking architects will participate in a three-day School Building Clinic at the University next week.

Dr. William W. Caudill, research architect at the Texas Engineering Experiment Station, College Station, Tex., and Dr. Ray L. Hamon, chief of the School Housing Section, U. S. Office of Education, Washington, D. C., will attend the clinic Wednesday through Friday.

The clinic will cover every phase of building problems and will give school board members, school officials, architects and contractors an opportunity to understand modern planning, economics and construction associated with school buildings.

The OU clinic is the first of its kind to be offered in the Midwest. It is sponsored by the Nebraska State Department of Public Instruction, the Nebraska State School Boards Association, the Omaha Public Schools and the University of Omaha.

A '52 graduate of the University graduated recently from Leadership School last week. Pvt. Richard D. Winchell was in a class graduated at Ft. Leonard Wood, Missouri, by the 6th Armored Division.

## Alums May Use Agents To Unify Its Association

Future graduating classes will have closer contact with the school if the Faculty Committee on Student Affairs approves a resolution sent forward by the Student Council. Ray Hampton, '53, Jerry Weiling, '55, and Mary Cosford, '56 of the Student Council met with Alumni Association Secretary Tom Townsend to discuss the class agent system of unifying graduating classes. It was decided the four senior representatives of the Student Council and the senior president, vice-president and treasurer would make up the executive committee of the class upon graduation.

It would be the president's duty to call reunions and schedule activities. The treasurer would be the Alumni fund drive agent for the class. All officers of the executive committee would hold their positions indefinitely unless it proved a hardship to them.

The first class to be affected by the resolution would be '54. The Association hopes to unite classes as far back as the war years under this plan.

# Trackmen Enter Drake Relays Today, Double-up On Posts

## Indian Baseballers Down Morningside College 22-0

Coach Ernie Gorr gave a probable list of entries for the Drake Relays. The team will consist of a mile relay and an 880 relay, as well as some individual events.

Themen scheduled to go are Bill Barnes, Bob Barnes, Bob Gerdeman, Bernie Lainson, Wayne Larsen and Joe Nalty. Others may be added, depending on the improvement shown this week.

Many of the boys will be filling double posts. Bill Barnes will run the hurdles and the 880 relay; his brother, Bob, is entered in the 880 and the mile relay; Bob Gerdeman is going to run the 440 yd. hurdles and the mile relay; Wayne Larsen is another two relay man, and Joe Nalty will run the dashes as well as the 880 relay.

### Team Leaves Today

The last time OU entered, in 1951, Joe Nalty qualified in the finals of the 100 yd. dash, but lost out because of a groin injury.

The team will leave today for some of the individual preliminaries. Coach Gorr said he would be very happy if "any of the boys placed." He went on to say, "I am confident that the mile relay should place. They have never been pushed in a meet and, because they fill many roles in regular meets, they have never been fresh and ready for the relays."

A squad of about the same number of men will travel to Sioux City May 1. Joe Nalty holds the record in the 100 yd. dash at 9.9. The mainstays will be expected to provide the points mainly because no depth can be provided.

### Squad to Relays

Jerry Tannahill, who has been out with a separated muscle for the last two meets is showing improvement. If he should be able to enter the meet, a great boost would be provided in the squad's

chances to place in the 440 relay and the 880 relay.

He said a small traveling squad of ten to 12 men will go to the Wayne State Teachers Relays next week. He indicated that there was room for anyone who showed enough ability to place.

Coach Gorr said he would stress baton passing and running form on all days prior to the meets. He said that "the smoother the running, the faster the time. I'm sure that many of the boys could improve their times with a little conscientious effort."

OU baseballers gained their third straight win of the season in a big fashion as they downed Morningside College, 22-0, Monday.

The two hour, 50 minute contest was played at Sioux City, Ia.

Coach Virgil Yelkin, faced with a heavy schedule caused by rained-out games, paraded 17 players to the plate.

The Indians got off to a fast start when they built up a seven-run lead in the first three innings. They padded the lead with an 11-run outburst in the fourth stanza. After the rampage, the OU nine picked up a pair of runs in the sixth and seventh innings.

At the plate the Indians were led by Bill Duffack, starting and winning pitcher, who hit three for four, and John Wiron, who had two for three at the plate. Wiron also stole home base.

Don Claussen also batted three for four and scored four runs.

Don Maseman, Indian shortstop, clouted the lone home run of the fray.

Bugs Redden and Lee Nelson combined for two double plays to help the OU cause.

## OU Netmen Defeat Creighton 8-0 Apr. 20

Omaha University won its fourth straight tennis match in as many starts Monday by downing Creighton University 8-0 at Dewey Park.

The Indian netmen lost only three sets in the match.

Tom Burke and Don Blocker swept two straight from their opponents. It took Brendon Gallagher, Dale Womer and Bill Freddersen three sets to rack up their foes.

The squad left Wednesday for a three-day trip to Des Moines. They met Drake on Wednesday, Grinnell on Thursday and Iowa State on Friday. The results will be published in the next issue of the Gateway.

The boys making the trip are Burke, Blocker, Carlson and Gallagher.

## Navy Champions Services Tourney

Navy sailed off with the Armed Forces Basketball Tournament last Friday and Saturday by downing the Marines on the OU Fieldhouse floor.

The Navy met the Marines on Saturday night to determine the championship. They had previously beaten the Air Force.

The slick sailors playing under the name of Los Alamitos, rolled to a decisive 91 to 77 victory over the Quantico Marines.

With only two weeks left in the season, the Pi Kaps lead Lambda Chi by a slim margin in the Intramural League and top second place Phil Epsilon by about four and one-half games in the Interfraternity League.

Merlyn Fratt of Theta Chi turned in the highest individual score of 183. Fratt and Ves Mallory of Lambda Chi, each recorded a 448 to lead in the series scores.

# OU Cindermen Tally 77 Pts. At Indianola

By Larry Means

University trackmen continued their winning ways last Tuesday as they beat Simpson College and Iowa Central. The meet, which was held in Indianola, was close all the way with as little as a one point margin separating the Indians and Simpson. The final tabulations showed Omaha 77, Simpson 68½ and Iowa Central 24½.

Bernie Lainson put on one of the finest one man shows of the season to lead all scorers with 12½ points. The durable Lainson won the mile, the half mile and was on the winning mile relay and 880 relay teams.

Simpson went to an early lead as they monopolized the broad-jump. They placed first, second and third. Omaha failed to enter the event as Jerry Tannahill, record breaking OU jumper, was left behind with a pulled thigh muscle.

## Injury Slows Barnes

Bill Barnes was also handicapped with a pulled groin muscle. It slowed him down but he managed to take second in both hurdles and supply a fast leg on the 880 yd. relay.

One of the closest races was the 440 yard dash. Wayne Larsen, Bob Gerdeman and Simpson runner Jerry Wilkins fought it out to the wire in a dramatic one-two-three finish with a creditable winning time of :52.1 on a soft track.

Omaha actually won the meet with first places in the last three events. Bob Gerdeman copped the low hurdles, the undefeated mile relay team won easily, and a hurriedly prepared 88-yd. relay quartette won by a scant yard over Simpson.

**Dunbler, Garrett Place**  
Roger Dunbler and LaRue Garrett took first and second in the highjump over highly touted Al Hoy of Simpson, and Larry Johnson had little trouble winning the shotput with a 43 ft. toss. He also placed second in the javelin.

Coach Ernie Gorr was very pleased with the outcome of the meet. He stressed the value of men who could "double-up" and run more than one race when the team was in a tight pinch. "Improvement is apparent in the entire squad and the condition of every one is much better than at the first of the year."

## Trio Scores \$1.10

At the noon stop for lunch in a small Iowa town, Bill Barnes learned fast the evils of the opposite sex. Bill invited one of the local girls to sit down at his booth.

Whole hearted approval was given by Bernie Lainson and Larry Means, and soon the quartette was busily eating and discussing the life in a small town. Then, Rosanne had to leave for school. The boys bade her farewell and had all but forgotten her when the waitress demanded payment of the meal the young lady had eaten.

One dollar and ten cents later, the gullible trio could find little humor in the jeers from their more "intelligent" teammates.

## Sig Ep Baseballers Team Leads League

The Sigma Phi Epsilon softball team, by virtue of two consecutive wins, have taken a hold on first place in the Intramural Softball League. It downed Theta Chi 13-10 and Lambda Chi, 17-6. In other games through last Tuesday, ISA edged Lambda Chi, 11-10, and Pi K A managed a 7-6 win over the Pawnees.

Several sluggers have been found already in the league. Jerry Ehrenberg and Merlyn Frat of Theta Chi and Bob Mackie of Pawnees each has hit a home run.

Managers are urged again to remember to turn in the score of the games into the athletic directors office immediately after the contest. Managers of both competing teams must sign the paper.

Histories are more full of examples of the fidelity of dogs than of friends.—Alexander Pope.

# OU Nine Faces Iowa Teachers, Maroons

## 2nd Contest Posted For Next Tuesday

The Indian baseball team meets Morningside next Tuesday in a return game at Riverview Park. The two teams met last week with Omaha routing the Maroons, 22-0, in Sioux City. It must be taken into consideration, though, that the first game was the season opener for Morningside, while it was the Omahans' third outing. The return game should be a much closer contest.

The shortage of strong pitchers, which was feared at the start of the season, has not materialized. Bob Offerjost, Dick Davis and Bill Duffack all have turned in good performances and compose a capable mound staff. Jerry Lawson and Chris Salberg also have pitched good ball in relief and in B team games.

The main problem at the present time is hitting. The Indians are winning but they are not getting enough hits in doing so. With the stronger teams on the schedule coming up, much better hitting will be needed to win some of the important games.

There are several players who are hitting consistently, but the all-around team batting is below par. Don Claussen has collected six hits in three games. Catcher John Wren has been doing some good extra-base slugging. Wren got a double against Drake and a double and a triple against Morningside. 1

## Indians Meet Tough Iowa Teachers Today

The OU nine will tackle Iowa State Teachers College for the second straight time this season this afternoon. Game time is 2:30 at Fontenelle Park.

The first game of the twin bill was played last night in Muny Stadium. Since the Gateway went to press before game time we are unable to write about the first game between the two clubs.

The Panthers from Cedar Falls compiled an eight won, six lost record for the 1952 season.

On the mound the Iowaps appear to be the strongest where they have two mound aces returning for another season.

Leading the staff will be Rod Tangeman, who was undefeated last year when he compiled a 4-0 record. Behind Tangeman is Dick Kock, a lefty, who was top reliever last season and is slated for starting nods this season.

In the batting department the Teacher led by Bob Huntington, third sacker, who pounded out 12 hits in 43 times at bat last year for a .279 average.

Duane Newton and Howard Pigg, catcher and first sacker, respectively, pounded out 11 hits in 43 times at bat for .256 averages in the '52 campaign.

As a team the Panthers compiled a fielding average of .939 for last season.

Leading the Iowa nine in fielding averages is Paul Ridder, second baseman, who committed only two errors in 75 chances for a .974 average.

## 'Originator' Harold Sage Ignites Intramural Activities at University

Harold Sage, the man behind the scenes, takes the spotlight on sports for this week. Sage does not participate in varsity sports, but he is Intramural Director Ernie Gorr's right hand man.

Harold is president and originator of the newly-wound Intramural Council. This council meets every two weeks to discuss what is on the agenda for the coming

weeks. The council has proven to be very effective. It is composed of one or more representative from each of the intramural teams.

Sage helps set up schedules for all intramurals. He is sports minded, and that is one of the many

Harold Sage . . . Intramural sports enthusiast.

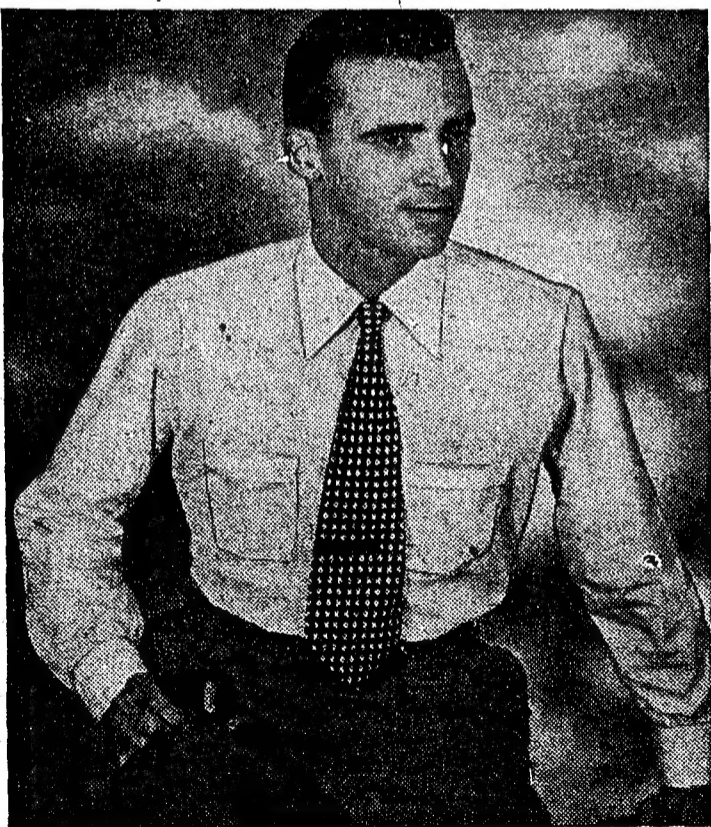

reasons why he was elected president of the Warriors, men's pep organization.

Along with his other duties, he manages to participate in most intramural sports. He has played first string basketball for Sigma Phi Epsilon for three years. He is also Intramural Director for the Sig Ep's.

Sage says that basketball is his favorite sport, although as long as he is active in some sport it really doesn't matter. He is majoring in business, but with all his experience in athletics he could easily qualify for a coach.

He has been given the name of "originator" because of his ideas on intramural activities.

## Honorary Officers Select Net, Eyelet Formals For Tonight's Military Ball

By RAE JOHNSON

The honorary officers will look like angels in the heavenly formals they have chosen for the Military Ball tonight.

LuAnn Focht will be gowned in a white net formal. Accordion pleats stand up around the strapless bodice. A gathered pink satin sash pinches the gathered net skirt at the waist and falls down the back of the skirt. LuAnn will be escorted to the ball by Jim Wright.

Derelle Blumer will wear a net formal of blending light and como blue. Silver sequins are sprinkled over the light blue strapless bodice which is edged with a narrow ruffle. Ruffles accent three panels of the gathered como blue net skirt which tops a light blue net under skirt. Derelle's date for the evening is Jack Frost.

White net ruffles shower from the waist of Donna Reynolds' white net formal. A shirred white net bodice over white taffeta tops the billowy two-layered net skirt. Donna has chosen a white lace

choker and earring set for her formal. Meryn Fratt will escort Donna to the ball.

Frank Schuchart will accompany Janet Brace to the ball. Janet is wearing jonquil yellow. A yellow eyelet bodice with an Elizabethan collar and cap sleeves opens to the waist to reveal a yellow taffeta strapless bodice. An organdy skirt stands out from a two inch organdy belt.

A white imperial strapless bodice of embroidered eyelet cups a pleated net yoke of Barbara Zimmerman's white formal. Layers of white net are gathered at the long waistline to form a full skirt. Ken Fisher will take Barb to the ball.

White is also the choice of Anita Reznichuk. Folds of white net form the strapless bodice. Rows of ruffles circle the gathered layers of white net in the skirt. Anita's date is Ron Benson.

All of the Angels' will wear their capes and caps with their formals.

## Mr. Public Relation...

Mr. Public Relations of Omaha University might well describe Burton A. McMillan.

During his four years at the university, Burt has been in and out of many activities. He has been secretary of Sigma Phi Epsilon, social fraternity, active in Omicron Delta Kappa, leadership organization, member of the student Board of Publications. Burt is also a member of the OU Press Club and former editor of the Gateway. As a member of the AF-ROTC wing personnel, Captain McMillan served as Public Relations Officer.

Although he stands only 5 feet 10 inches, Burt cannot be denied for his hard work during his four university years. As a member of the Student Union committee, he has worked diligently for university progress.

Uppermost in his mind in the line of "boo-boos" occurred when he was asked to leave a class for

talking. "I guess professors don't believe in freedom of speech," was Burt's comment. He went on to say that it was my "most embarrassing moment." While editor of the Gateway, "BAM" talked and wrote much about the proposed Student Union. His talking outside of school got him engaged to Miss Joan Nelson last July.

Burt hopes that the wedding will take place before he is called to active duty with the Air Force. Until he leaves, he is going to "load up" on his favorite food, roast chicken and cherry pie. He

## There's a Difference?

Noticing that his biology class was taking profuse notes on unimportant parts of his lecture, Dr. Leslie Garlough digressed from his topic to present a riddle.

Garlough asked if his students knew the difference between high school and college students. Receiving no answer, he explained the difference.

"In high school," he said, "the prof comes in and says good morning and the students reply good morning. In college the professor says good morning and the students write it down."

## Adult Ed Offers Two Languages

The College of Adult Education will begin eight-week classes in Spanish and Portuguese Monday, April 13. The languages are for correspondence and conversation and are in connection with the World Trade Fair to be held in the University Fieldhouse in June.

Three credit hours or a certificate of proficiency can be earned on completion of the courses.

Dr. C. S. Espinosa will teach Spanish. A native of Brazil, Mrs. Ruth Scott, will teach Portuguese. Classes will meet twice each week at night.

Television history will be made Sunday afternoon when a special two-hour presentation of Shakespeare's "Hamlet" will be given.

The two-hour drama will also be the longest continuous television play in network history and will coincide with the date generally celebrated as Shakespeare's birthday.

The program will be televised from 3:30 to 5:30 p. m. over TV station WOW-TV.

## Ashtrays Create Problems For Willy, Food in Cafeteria

Take it from Willy, the eating conditions in the Cafeteria aren't up to Duncan Hines qualifications. And Willy Stearins ought to know, because he has to clean up the place every night.

His main complaint is that the students dump full ashtrays on the floor instead of emptying them in the trash containers.

"I don't mind cleaning up the place," says Willy, "but the dust that flies around when an ashtray is dumped on the floor settles on the food." Food sprinkled with ashtray dust isn't the most sanitary precaution.

Another complaint which he has is the cigarette butts that are ground out on the floor. Willy says that the paper from the students' lunches also get tossed on the floor, but all the paper that is thrown around isn't half as bad

as the ashtray dust.

Does Willy have any suggestions to end the present situation? No, suggestions other than students should take it upon themselves to keep the place clean. "After all, they are the ones who have to sit and eat there. They wouldn't eat in a restaurant downtown that was dirty so why should they eat in a messy cafeteria?"

Harlan Cain, director of the cafeteria, was asked if more ashtrays would help remedy the situation. As it is now, "we lose about 15 ashtrays a week," he commented.
